Peter,

I have attached additional PDFs. I am still searching for Saurel-Cubizolles et al., 1993.

Subject: Formaldehyde (Streamlining), Task Order No. 00231: request for pdf files for selected references

John,

We have started work on the tables, but cannot locate pdf files for the following references:

Gu et al., 2008 (mice, respiratory sensitization)
Kim et al., 2011 (childhood asthma study, school exposure, Korea)
Monfared 2012 (mice, developmental study)
Norback et al., 2000 (prevalence study, nasal pathology in school setting)
Saurel-Cubizolles et al., 1993 (cross-sectional survey, ectopic pregnancy)
Yang et al. (2005) (epi study, nasopharyngeal cancer, Taiwan)
Yu et al., 2004 (epi study, nasopharyngeal cancer, restaurant workers, Hong Kong)
Zhu et al., 2005 (cohort study, fecundability ratios, lab techs)

Julie is out of the office today, so I am sending this request to see if you can provide pdf files for these references.

Thank you,

Peter McClure

Julie,

This is encouraging news. Please let me know if you have any questions as you work on these tables.

John

Hi John,

Thank you for forwarding these tables. We have begun work and will send the reviewed tables back to you as soon as possible.

Best Regards,

Julie

Julie,

As promised, I have attached all the formaldehyde evidence tables for QA review. Please review only the 100 highlighted study rows. You will note that some studies are repeated (i.e., same study—multiple health endpoints). Please let me know if you have any questions.

Julie,

I will forward the first 100 study rows to you this afternoon. All studies should be accessible through HERO. If there are any you cannot find, I am happy to send PDFs directly to you.

Subject: FW: Technical Directive Cost Estimate for Formaldehyde (Streamlining), Task Order No. 00231

Hi Barbara and John,

We are ready to begin work on the first 100 evidence tables for formaldehyde as soon as they are received. I assume that the study references can be accessed through HERO.

Thanks very much,

Julie
